

Microsoft COMPLETE BASEBALL

The Ultimate Multimedia Reference for Every Baseball Fan

System Requirements

To play the dialogue and music excerpts, the film clips, and to display text and graphics in Microsoft Complete Baseball, you need:

- A Multimedia PC that includes a 386SX or higher microprocessor, at least 4 MB of RAM, 2 MB of available hard disk space, CD-ROM drive, audio board, and VGA+ display (for full 256-color support).
- MS-DOS® operating system version 3.1 or later.
- Microsoft® Windows™ operating system version 3.1 or later.
- Microsoft Mouse or compatible pointing device.
- Headphones or speakers.
- Baseball Daily requires a Hayes®-compatible, 2400 baud or higher modem and at least 500K of additional hard disk space.

Baseball Daily Support

For assistance with Baseball Daily billing questions, dial (800) 806-6587. For problems with connectivity using Baseball Daily, dial (800) 638-8730.

Setting Up Microsoft Complete Baseball

To set up Microsoft Complete Baseball:

1. If you haven't already turned on your computer and started Windows do so now.
2. Place the Complete Baseball disc in the CD caddy (if required) and insert into the CD-ROM drive.
3. Open the Program Manager window (if necessary), click File to display the File menu, and then click Run.
4. In the Command Line box, type the letter of your CD drive, a colon, a backslash, and the word SETUP (for example, type **d:\setup**).
5. Click OK.
6. Follow the instructions that appear on the screen.

Starting Complete Baseball

To start Complete Baseball from within Windows:

1. Place the Complete Baseball disc in the CD caddy (if required) and insert into the CD-ROM drive.
2. From the Program Manager window, double-click the Complete Baseball icon. The icon is in the Microsoft Multimedia group window or in the group window you specified during Setup.

Contacting Microsoft Product Support

If you have a question about Complete Baseball, first look in the printed documentation and in online Help. If you cannot find the answer, contact Microsoft Product Support. Outside the United States, contact Microsoft Product Support Network at the Microsoft subsidiary office that serves your area.

Within the United States, you can obtain product support in several ways:

- Use the Microsoft Forums on CompuServe®. For an introductory CompuServe membership kit for Microsoft users, dial (800) 848-8199 and ask for operator 230. If you are already a CompuServe member, type GO MICROSOFT at any ! prompt.
- Call Microsoft Product Support Network. You can reach Microsoft Product Support Network between 6:00 A.M. and 6:00 P.M. Pacific time, Monday through Friday, excluding holidays. For assistance with Complete Baseball, dial (206) 635-7172. When you call, you should be at your computer and be prepared to give the following information:
 - The version number of the product.
 - The type of hardware you are using.
 - The exact wording of any error messages that appeared on your screen.
 - What happened and what you were doing when the problem occurred.
 - How you tried to solve the problem.
- Microsoft Telephone Support for the Deaf and Hard-of-Hearing. Using a special TDD/TT modem, dial (206) 635-4948. Call between 6:00 A.M. and 6:00 P.M. Pacific time, Monday through Friday, excluding holidays.

Microsoft support services are subject to Microsoft prices, terms, and conditions in place at the time the service is used.

Getting Help

For complete instructions on using Complete Baseball:

1. Click the Help button.
2. Follow the instructions on the Help screen that appears.

Exiting Complete Baseball

To exit from Complete Baseball, do one of the following:

- Click the Control-menu box in the upper-left corner of the window to display the Control menu, and then click Close.
- Double-click the Control-menu box in the upper left corner of the window.
